CHAMPIONSHIP PLAYOFFS

The four league bowling winners are now involved in an elimination contest to try and decide which team is the best and BNL Champions. In the first match, the Wednesday nite Phoubars, led by anchor man Capt. Tom Marrion's 202, eradicated the once mighty Metal Men (Monday) 3-0. A 65 pin spot was no help as the Phoubars rolled an average of 163 per man.

In the other contest the Mixers (Thurs. No. 1) took 2 games of 3 from the Hot Lab (Thurs. No. 2). 26 pins over the H.L. was all W. Walsh's crew needed to take the last game and match. High honors for the winners went to sweepstakes winner L. Lento with a 205, K. Hamlyn's 191 and 514 series set the team in motion. B. Sylvester's 195 was high for the Cool Lab.

Monday April 21 will see the Phoubars taking on the Mixers in the first of a two game home and home match to decide who takes the Championship Plaque.

So stamp your feet and shake whatever parts are shakeable and join the fun. The time is Tuesday, April 22, 8:30 p.m. at the Recreation Hall, in the apartment area. Admission is free and guaranteed to be worth a lot more. Refreshments, including soda and beer, will be on hand.

TALK ON DISARMAMENT TO BE PRESENTED

The Federation of American Scientists cordially invites all Laboratory employees to attend Dr. William Higinbotham's and Dr. Bernard Gregory's report on the 2nd Pugwash Conference on disarmament which he recently attended in Quebec. This talk is of vital interest to everyone, since it points out an urgent and important problem—that of disarmament. What would happen if the United States and Russia were engaged in a nuclear war? Why must we find non military means of solving international conflicts? Come and listen to what promises to be an hour well spent, Thursday evening, April 24, 8:15 p.m. at the Lecture Hall. Everyone is invited to bring his interested friends—exit passes will be available at the door. For further information contact, M. Kugler, Ext. 328, Sec.-Treas.

PHOUBARS TENTH ANNIVERSARY DANCE

The Phoubar Phrolic will be Friday, May 2, 1958 at the Gymnasium.

Ten years ago a softball team was formed from several different departments. Mr. D. Puleston of TID and Mr. J. Garfield of the Photography Department were selected to pick a name for this team. The name of course was PHOUBARS. Since that time this organization has grown. The Phoubars now have a bowling team, basketball team and two dances a year.

This spring dance is being held to celebrate the tenth anniversary of this organization. Music will be furnished by Walter Milian and his phouled phoubar phour. Master of Ceremonies will be Phoubar Alf Christoffersen, who will be ably assisted by Phoubarette Barbara Oelkers; and Phoubars Tom Marrion, Bill Rogers, George Sabine, Ken Boehm, Dick Vogt, Harv Marshak, and Steve Garrett. The individuals mentioned above also have tickets for sale.
